History– Anglo Saxons Village Life and Jobs:

Village Jobs

Everyone who lived in an Anglo-Saxon village contributed to its running in some way.

There were a variety of every day jobs to be done including:

- Clearing and ploughing the ground.
- Grinding flour and making bread.
- Growing crops and tending to livestock.

Some people had more specialised jobs:

- Blacksmiths forged metal to make tools and weapons.
- Woodworkers made bows, wheels and furniture.
- Jewellers made brooches and ornaments for the rich.

What other jobs do you think needed to be done?

In the Village

Look at this picture of a typical Anglo-Saxon village. What can you see? With your group make a list of 5 things we can learn about Anglo-Saxon village life by looking at this picture.

The Anglo-Saxons positioned their villages near a water source, such as a river or lake, which would provide drinking water and fish to eat.

The chief of the village lived in a larger house in the centre of the village. This house might also contain a meeting hall.

Livestock was kept in the village. Children would often be responsible for looking after (or milking) the animals, which were wild in Britain during the Anglo-Saxon times.

Fields for growing crops were ploughed over to prepare them for planting. Oxen would pull a basic plough which was called an ard.

Some buildings were reserved for specific purposes, such as a place for performing craft like weaving or as storage sheds.

Family groups lived in smaller village huts.

Pots made from clay were fired (dried out and hardened) on a large open fire.

Using all the information about what an Anglo-Saxon village was like - design and draw your own village.

Try to include as many features as you can to make sure your village is busy and thriving! Use labels to annotate all the features of your village and show you understand what it was like to live there.

Wellbeing – World Mental Health Day

In school on Friday, we are celebrating **Hello Yellow** – to remind us that it's the little things that can make a difference to how we are feeling and our mental health.

'Making #HelloYellow day as big and bright as possible, so together we can show young people they're not alone with their mental health. We all struggle with

how we're feeling sometimes. But the little things you do can make a BIG difference.' Design your own checklist like this one [here](#) of some small things that you can do for those at home that could make a big difference to how everyone feels. You might also like to follow the instructions [here](#) to make your own 'soothe box.'
