

Year Group: 2	WEEK BEGINNING: 02.05.2022
---------------	----------------------------

This is an overview of the main areas of learning in Year 2 for this week which will link to the learning going on in school. Please use these as the main activities for remote-learning if your child is unable to attend school during this week.

Maths

Oak Academy: 2D & 3D Shape (revisited) – complete one lesson each day (4 lessons in total).

[LESSON 1 – Identifying shapes by the number of vertices and sides](#)

[LESSON 2 – Describing and sorting 2D shapes](#)

[LESSON 3 – Naming and describing 3D shapes](#)

[LESSON 4 – Identifying 2D shapes on the surfaces of 3D shapes](#)

Mental fluency:	Challenge:
Practise your 2, 5 and 10 times tables by logging on to TT Rock Stars . You could also practise (or learn) your 3 times table. 	Go on a 3D shape hunt around your house or outdoors. How many real life objects can you find that are 3D shapes? Can you describe how many edges, faces and vertices there are? How could you sort the 3D shapes?

Complete the 2Dos set for you on Purple Mash.

Irresistible Learning: Journeys into the Unknown

This week we are continuing with our geography focus and we are going to be looking at the world's continents and oceans and compass directions.

Activity 1 (Geography): Listen to this short clip about The World ([click here](#)). You might also want to listen to the [Seven Continents Song](#) and the [Five Oceans Song](#). Can you label the seven continents and five oceans on a world map? You can use the template set as a 2Do on Purple Mash.

Activity 2 (Geography/PE): In a room in your house, or outdoors, ask an adult to help you put up the 4 different compass directions (North, East, South and West). Ask an adult to give you commands to move to the different compass points e.g. walk to North, skip to West, side-step to East, walk like a 'robot' to South.

English

Oak Academy: Baba Yaga: openings - complete a new lesson each day (lessons 6-9).

Extra writing challenge: listen to the story 'On the Way Home' by Jill Murphy, one of the authors from our 'Year 2 Author in focus' group. ([click here](#)). Create your own page for the book, where Claire tells another friend an unusual way that she hurt her knee. (*Think about the character that Claire bumps into and what happens to her.*)

Kinetic Letters (handwriting): Now we have gone through all the letter families, practise the following letter pairs from the [window cleaner family](#): It, iu, li, lu, it and il.

Phonics/SPaG: This week we are looking at adding -ing, -ed, -er, -est and -y to one syllable words ending in a single consonant letter after a single vowel letter (a, e, i, o, u).

Reading:

- There are lots of different characters from different stories in the book 'On the Way Home', e.g. the big bad wolf and the giant from Jack and the Beanstalk. Can you think of any other books they appear in?
- Choose a book to read from home or log on to [Bug Club](#) and explore the books you have been allocated.

Wellbeing - Sun Safety

(This week is **National Sun Awareness Week**.)

We have been lucky to enjoy some warmer weather recently but it's always good to be reminded about safety in the sun too.

- [Click here](#) to watch a video about the sun's harmful UV rays.
 - After watching the video talk to someone in your family about what you have learnt about sun safety and the different types of UV rays that come from the sun.
 - Come up with a plan, or create a poster, for how you can stay safe in the sun this summer!
- Perseverance** is the school value that we are focussing on this week – remember to always do your best and to keep going, even when things are tricky. You could have a go at an activity at home to learn about perseverance: practise hitting a ball with a tennis racket, have an egg and spoon race with someone at home or try throwing and catching a small ball to yourself.
