Reading for pleasure - Log into [Bug Club](#) and read your allocated books and have a go at answering the questions.

Wellbeing

Remember it is importance to take care of yourself and your mental health. Asking both sides of the brain to work together can help you to feel calm. Use these exercises when you need a brain break.

- Pass a beanbag/bottle from your left hand to right hand, keep the receiving hand fixed in place so the giving hand has to pass the midline.
- Use your right hand to draw a lazy 8 (an 8 on it’s side) in the air in front of you so that your hand crosses the midline. Repeat with your left hand.
- It is also National hugging day 21st January so give someone in your family a hug.
