

Reception remote learning

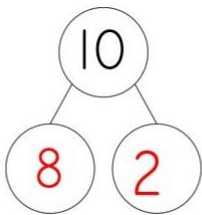

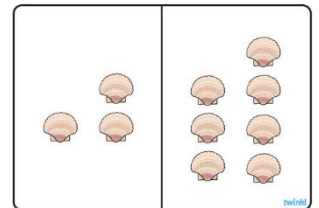

Task 1

This week we have been learning about good hygiene. We have discussed how to wash our hands and brush our teeth. Can you explain to your grown up how to brush your teeth. Can you time 2 minutes whilst brushing your teeth? You might even write some instructions for your grown up about brushing teeth.

Task 2

This week in maths we have been exploring number bonds to 10. Collect 10 different objects. Can you arrange them in different ways? Can you talk about the ways that you have made 10? E.g. There are 3 shells here and 7 shells over there. 7 and 3 make 10.

Can you record the different ways you have made 10? You could record using the part part whole method.

We would love to see the work you are doing at home so don't forget to share via Evidence me for us to see!
