

Year 4 – Week 3 – Weekly Activities
Topic: River Deep, Mountain High (Geography-Art)
Maps – What is a map and how do we use them?

<https://www.bbc.co.uk/bitesize/topics/zvsfr82/articles/zd46v4>

Maps are a 2D representation of the land and sea when viewed from above. We have already looked at what a single river looks like from a bird's-eye view, now have a go at creating your own map of an island.

Things you could include:

- Compass
- Rivers and mountains
- Forests and hills
- Lakes and oceans
- Buildings and landmarks

You may also want to draw a 'key' to show the reader what each icon or symbol means.

Challenge

If you want to learn more about maps, including contours, keys and symbols, click [here](#).

It would be great to see some examples of your work sent to hello@gig-mill.dudley.sch.uk

Maths

One maths lesson per day from Oak Academy
(Click [here](#) for Week 4)

Complete the maths quiz, main activity and final quiz for each day.

Play times tables games

- TT Rockstars
- Sumdog
- Purple Mash

Challenge

Create your own shop where family members can buy items from the 'shopkeeper'. Use either notes and coins from around the house or make your own money. The aim is for the customer to pay for items and the shopkeeper to give change.

Computing – Have a go at coding your own traffic lights!

2Code – Traffic lights

Sign in to **RM Unify** and visit **Purple Mash** Home/Weekly Activities/Ages 7-9/Week 4/Monday/Topic

Science – What is evaporation and condensation?

Liquids and gases can be changed from one state to another by heating or cooling. Click [here](#) to find out more!

Evaporation Challenge

Investigate evaporation for yourself. Take a small piece of fabric. This could be something like a dishcloth, a small towel, a t-shirt or even a sock.

Soak the fabric in water and leave in a place to dry. How quickly does the fabric take to dry? What locations would make the fabric dry quicker?

Ask a parent before soaking any fabrics or clothes!

English

One English lesson per day from Oak Academy
(Click [here](#) for Week 4)

Challenge

Write a journal or diary about some of the fun activities that you have been doing to 'Get Active'. You could write about what you did, what you enjoyed about these activities, any problems you had or overcame, and how getting active made you feel. You could also include drawings or stickers in your journal or diary to help express your feelings.

Spelling

words with endings -tion –sion
-ssion –cian

Click [here](#) to try the snowball smash game!

Practise first, and then try the test once you are confident.

Reading

We would like you to read or listen to a story for at least 20 minutes a day.

Download the Stage 4 reading booklet at:
<https://www.literacyshedplus.com/en-gb/resource/stage-4-reading-packs>

Read Enormous Eruptions on p.3 and complete retrieval and VIPER questions on p.4.

Music

Recorders – Click [here](#) to take part in this interactive lesson by Mrs Bayliss!

Click [here](#) for the music link to Charanga mentioned in the video.

Wellbeing

This week, we would like you to focus on our 5 ways to wellbeing topic of 'Get Active'.

There are many ways that you can get active, keep your body strong and healthy and have fun all at the same time! Why not encourage your family to get involved to?

You could:

- Create a dance routine to your favourite song and then teach your family.
- Be like Joe Wicks and create your own fitness routine for others to follow.

PE

Linked to our 'Get Active' topic, continue to keep active as a family and either play some of your family's favourite games or try some new games!

A good game to try is boules. The aim of the game is to win by throwing your balls to land closer to the small ball. You could use some socks or scrunched up paper.

The Minute Challenge

Each week, we will be giving you a challenge to see how many of a certain exercise you can do in just one minute. This week, we would like to see how many **lunges** you can do in 60 seconds. See if you can beat your total each day.
