

Year 6 – Week 7 – Weekly Activities

Topic (Art - History - Geography)

Artists of the Black Country

Josiah Wedgwood was very involved in the planning of canals in his local area, which was Staffordshire. The local canal network was to prove very important to the Wedgwood Company, for both transporting raw materials and the fragile finished goods across the country.

Task

Sketch a piece of pottery for the Wedgwood collection. Use the photographs of the pottery range that you researched last week to inspire your design. Your drawing should include:

- The object sketched from two different angles.
- A border pattern around the edge and a picture in the centre.
- Colour blending to create the correct blue tones.

Music

Click [here](#) and choose a song to sing from the 'just for fun' section. Try [this](#) KS2 Musical Elements Quiz.

Pupil Voice –

Do you remember Roger, who visited us from **Pupils to Parliament**? As he can't come and visit us in school, he has created an online survey on a new topic – **the rights and wrongs for people and the police**. Click on the link [here](#) to take part in the survey – a great opportunity to have your voice heard in parliament. You will need to use the **secure password** that your parents were sent via text.

French – Work out these school subjects and learn to spell them: les maths, l'anglais, les sciences, la biologie, la géographie, l'histoire, la musique, le sport.

Maths

Oak Academy – [Click here](#) for a direct link to this week's lessons **Week 8**

Challenge –

Are you ace at area? Try this transum challenge called area maze. [Click here](#) Try the different levels.

Arithmetic –

The 4-digit number 6,375 has 5 factors from 1-20. Can you think of a 4-digit number that has more than 10 factors from 1-20? Use both short and long division for your calculations. What is the maximum/ minimum number of factors for a 4-digit number? If you make your 4 digit a number a 5-digit number by adding a zero does it have the same number of factors? Investigate. ***Continue with the EasiMaths App**

Computing

Click on the Scratch tab in your RM Unify launch pad and click: Start Creating - Tutorials (top left) - Music tab - Make music. Watch the tutorial and have a go at creating your own music, sound or beat.

Science

This is a very cool, simple and fun experiment, and also completely safe, **just don't drink the water!** You need: • Warm Water • Oil • A Tall Glass • Food Colouring

Method

1. Fill the tall glass with warm water.
2. Pour a small amount of oil into another container and add a few drops of food colouring.
3. Give it a good stir, if it doesn't mix, add a bit of water.
4. Pour the food colouring and oil mixture into the warm water and watch the fireworks!

English

One English lesson per day from Oak Academy Week 8

****Additional Writing Challenge****

Read up to the end of Chapter 3 from our new text 'Street Child' [here](#).

Task: Write a scene description based on Chapter 1 'Shilling Pie' as Jim runs through the streets back to his family with his pie. What can he see, hear or smell? Use the senses to add detail to your scene description.

Spelling:

Click [here](#) to access:

- **22 and 23 – Silent Letters**
- Try **24** for more of a challenge! You will need to click on the **yellow star** to hide the list to see the activity in full.

Grammar:

[Click here](#) to answer sections A-D on pages 1 and 2 of this Grammar unit.

Check your answers to sections A-D [here](#) when finished.

Reading:

Read the first text [here](#) called 'The Brook.' Answer questions 1-13 about the poem.

Wellbeing

HAPPY BIRTHDAY DUDLEY CASTLE

Did you know that Dudley Castle is celebrating its 950th birthday this year? The castle was originally built in the year 1070 just a few years after the Norman Conquest in 1066. It survived until 1750 when a 3-day long fire destroyed the castle and left us with the ruin that we have today. Dudley Castle is a huge part of our local history and a special place to be proud of. Why not join in the fun of celebrating 950 years of Dudley Castle and add your art-work, photographs and models to the virtual exhibition that has been organised as part of the celebration? You can find out more information [here](#). Final date to submit entries is **11th July 2020** and every entry has a chance of winning a family ticket to Dudley Zoo & Castle.

PE –

Follow a dance routine from Oti Mabuse, find her YouTube page [here](#) and choose any of their dances to learn and follow. ➤ Maybe you could then create your own or get the family involved in the one you are learning

*Log into your RM Unify launchpad (see Y6 home learning link on Gig Mill website), click the RM EasiMaths tab, click start and have a go at the different activities – keep an eye on your scores!
